

HAULIERS – MOVING GOODS BETWEEN EU AND GB

NEW CUSTOMS RULES WILL AFFECT YOU FROM 1 JANUARY 2022

If you move goods between the EU and Great Britain (England, Scotland and Wales), you must register for the Goods Vehicle Movement Service (GVMS) now.

From 1 January 2022, full customs controls will apply to all goods moving between the EU and Great Britain. The GVMS system has been designed to enable fast and efficient movement of goods and will be used by many UK ports.

From 1 January, if you're not registered and attempt to move goods through a GVMS port, you won't be able to:

- board the ferry or shuttle,
- cross the EU/GB border, and
- clear your goods through customs.

To find out which UK ports use GVMS, go to gov.uk/goods-vehicle-movement-ports

Who needs to register

You need to register for GVMS if you're a UK or non-UK based haulier. This includes if you're:

- an independent driver transporting goods and doing your own customs paperwork
- a company that sub-contracts to pick up goods on behalf of another business
- a logistics business, hired to transport goods and complete customs processes on behalf of another business
- a large retail business, that transports and declares your own goods.

How to register

Before you register you need to get a:

- GB Economic Operators Registration and Identification (EORI) number
- Government Gateway Account.

To do this and register now, go to gov.uk/register-to-move-goods
